Mike-

I made one edit to the "credibility" section and added a comment. There is also a comment from Mike Goodis on EJ – not sure how that should be addressed. Please take a look and comment/revise.

Thanks, Alan

Hi Maya,

I have only one comment, in the section about EUP's being on a case-by-case basis that you are correct. A company can model an EUP application off of a previous EUP, but all required information must still be submitted for a full review. I will forward this on to Alan (Team Lead) and Mike Mendelsohn for their feedback and comments.

Thanks,

Hi Matt,

I hope you're well. I've finished the first draft of our CMS response to the FL Keys Environmental Coalition regarding Oxitec's EUP. See page 3 of the document for a summary of their concerns.

Please review and provide feedback by EOD 3/18. From there, I will send to Mike.

Thanks,

Hi all,

Just an FYI for now - we've received a letter regarding Oxitec's EUP from the Florida Keys Environmental Coalition. The letter will be teed up for AA signature and is due 3/24. You can expect a first draft from me in a few days.
